velocity modular displays

Velocity modular displays provide a chic and versatile enrichment to your branding and marketing message. With Velocity, you get a trade show exhibit that looks custom with the advantage of a proven system that is easy to use. Available in Standard and Lite styles, the modular design of Velocity allows for a multitude of customization options - from counters to literature racks to kiosks and more.

Products pictured: Velocity Standard 05 with Velocity Kiosk 01 and Velocity V leg counter

10ft velocity standard kits

Chic and robust exhibits that emphasize your identity and message seamlessly with a combination of dye-sublimated fabric graphics, rigid accent graphics and the option for roller banner graphics.

Velocity Standard exhibits are built with a larger extrusion than Velocity Lite, making them capable of supporting monitors, shelving and more. All frames come with a lifetime warranty.

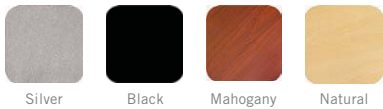

Kits Include:

- advanced extrusion-based structure
- varying graphic options: dye-sublimated fabric, roller banner, direct-to-substrate (rigid accent graphics)
- stylish 50 watt low voltage spotlights
- tabletops or counters where indicated
- literature holders and monitor brackets where indicated
- wheeled, molded storage cases

table throws

Nimlok offers quality-printed table throws in 4ft, 6ft and 8ft table size options as well as 24", 30" and 60" table runners.

The high-quality table throw is ideal for complementing any tabletop display or simply adding a professional branded look to your event or conference. Printed on washable polyester using a dye-sublimation print method, the ink is pressed into the fabric, instead of a transfer on the top, creating a high-quality image.

Nimlok printed table throws and runners are durable and include a six-month graphic limited warranty. Add a portable tabletop display, banner stand or display stand to accessorize the look.
